whole bunches
Soil argilo-calcaire
North exposure - 450 m altitude

100% malolactic fermentation
12 % VOL.
no added sulphites
Native yeasts - no fining - no filtration
Concrete tank

LE DOMAINE:

In the heart of the Provence-Verdon region, near the village of Artigues (north east of Aix-en-Provence), the estate stretches over a long hillside of 40 ha, surrounded by forests, with a total area of 120 ha, and culminating at an altitude of 450 m.

VITI-VINI:

The positioning of the estate in a green setting, its biodynamic farming practices (Demeter Certified), allow the estate to find a fair balance between ecosystem, agriculture and economy.

Healthy and living grapes allow us to carry out natural vinification (without oenological inputs) in order to respect the terroir, the vintage and the consumer.

BOB CARBO:

Vinification 100% Grenache in carbonic maceration for 8 days. This cuvée is a tribute to the Beaujolais.

The robe is ruby red with a light structure coated in fresh fruit. This cuvée calls for sausage and charcuterie.
