12 % VOL.  
SO<sub>2</sub>T: 20mg/L  
Native yeasts - no fining - no filtration  
Amphora in sandstone + barrels of 4 wines for 8 months

**LE DOMAINE:**

In the heart of the Provence-Verdon region, near the village of Artigues (north east of Aix-en-Provence), the estate stretches over a long hillside of 40 ha, surrounded by forests, with a total area of 120 ha, and culminating at an altitude of 450 m.

**VITI-VINI:**

The positioning of the estate in a green setting, its biodynamic farming practices (Demeter Certified), allow the estate to find a fair balance between ecosystem, agriculture and economy.

Healthy and living grapes allow us to carry out natural vinification (without oenological inputs) in order to respect the terroir, the vintage and the consumer.

**LA ROUSSANNE:**

Direct pressing and then alcoholic and malolactic fermentation in amphora in sandstone and barrels of 4 wines.

Yellow golden colour slightly cloudy on the mineral nose mixed with floral notes of white fruits. The palate is sweet, greedy and very salty. And according to a friend of the Rhodaniennes-Collines, white on red nothing moves...
